Writing

Hello, I have read one book recently and now I want to share my feelings about this book with you.

This book is called "Harry Potter and a Secret Room". This story is very famous and its author is very skillful. The story is about a boy named Harry Potter, who is a mage. He is very talented and friendly. The story is very moving and exciting. The main hero needs to solve problems and study the magic with his friends. Harry and all the students are studying at the special magic school which is full of interesting different teachers and activities. Every character is different and it's exciting to look on them. This book is one of the series. And it's rather easy to read but the next books of this series are hard. So, if you want to read an easy and friendly book you should read first three parts. I enjoyed this book. There are different interesting unusual story, different characters and wonderful atmosphere. I recommend this book to everyone because it's the masterpiece.

I hope I helped you with my review.
Thanks for reading. Good bye.
